

Rapid Deployment Mechanism

About the Mechanism

The Rapid Deployment Mechanism (RDM) is a small-grant financing tool designed to fast-track the development and implementation of 30x30 plans by HAC for N&P member countries.

Eligibility

The RDM is open exclusively to applications from HAC for N&P developing state members. They must be submitted through the designated focal point, in coordination with locally registered NGO(s) that work closely with their respective government and have demonstrated a strong commitment to 30x30.

RDM Step By Step

Application Process

- Countries must formally submit their request via the HAC for N&P [website](#)

Project Prioritization

- Priority will be given to projects that showcase:
- Strong conservation goals
 - Measurable and meaningful outcomes
 - Clear actionable plans

Funding

- Grants will range from **USD \$25,000 to USD \$50,000 per request**
